

126 series miniature hexagonal connectors

WPI miniature hexagonal connectors are available in four contact configurations with a variety of accessories to meet a wide range of applications.

The connectors can be used for rack and panel, cable to cable, and cable to panel connections.

Locking clips are available to prevent unmating caused by vibration or shock.

Dimensions

Overall Diameter – $\frac{3}{4}$ "

Mated – $1\frac{15}{64}$ " (extended length to the back of the cable clamp)

Specifications

Dielectric — thermoplastic

Contact size — #20 (except one #16 on 4 contact insert)

Wire size — #20 or smaller

Temperature range — -60°C to $+125^{\circ}\text{C}$
(-76°F to $+257^{\circ}\text{F}$)

Current rating — 7.5 amps

Voltage rating — 500 VAC (RMS) at Sea Level

Hardware — cold rolled steel, nickel plated

Contacts — copper alloy, gold over nickel plate

Panel thickness — $\frac{3}{32}$ " (max)

Mounting Holes

Four-Contact
126-214, 126-214-1001,
126-233, 126-215-1002 only

order information

These connectors can be ordered in any combination to suit your needs. Please refer to the exploded view drawing above to determine the components you require. Note the identification letter. Then order by the WPI part

number indicated along side the desired combination of components and the required number of contacts. For example, a male 5 contact connector with rear hood & cable clamp and lock sleeve requires components A, G and H. In the column for male 5 contact

assemblies, AGH indicates part number 126-217. If you order part #126-217, you will automatically receive all three components. They may also be ordered individually, if you prefer. Simply refer to the individual component part numbers shown below.
